

Live the life you want.

National Federation of the Blind of Delaware Contact Listing

The National Federation of the Blind knows that blindness is not the characteristic that defines you or your future. Every day we raise the expectations of blind people because low expectations create obstacles between blind people and our dreams. You can live the life you want; blindness does not hold us back. Together with love, hope and determination, we transform dreams into reality.

The NFB is an organization where the blind and interested sighted persons can come together to plan and carry out programs to improve the quality of life of the blind.

The National Federation of the Blind of Delaware was established in 1968 and has grown to two chapters.

For additional information, please visit our state website at www.nfbde.org
